

# WebSite Planning Document

---

Volcano

Author: Robert P. Stringham

## Site Purpose

---

To give the website visitor the weather of the location he is searching for. The weather could be for current status, or tomorrow or ten days from now.

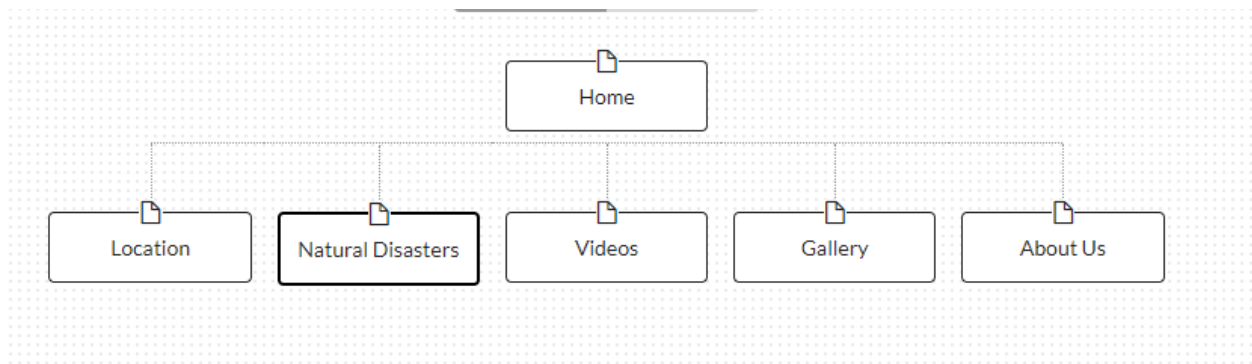

## Target Audience

---

The audience will be a variety of people. The main source the visitors will be visiting from is there mobile devices. They won't be on the site long. They just want to see what the weather is going to be that day or tomorrow.
